

Programs: Rudy Lopez

I want to thank the members that have given me names for future speakers. The current speaker list for 2018 still has open months. I have contacted some of the past speakers to see if they have new presentations and I am happy to say they want to return with new presentations. But! This doesn't mean I don't need more names; I have open dates in 2019. Please keep the names coming, we can never have too many speakers. I would like to see some of our members step up and give a presentation, if I can do it so can you.
